If you chose Russia as a country for coming, I am sure, you will have the greatest time in your life! In comparison with other countries Russia is unpopular, however it is not a reason to consider that my country is boring and unexciting. We have a ^{fair} president Vladimir Putin and a lot of deputies for every area. The full name of ^{our} country is ^{The} Russian Federation and we have a democratic system. In spite of temperature climate zone, winters are extremely cold and summers are hot. It is called harsh climate. However, our industrial part is involved enough. Textile, engineering, mineral industry, metallurgy and many others are becoming better day by day. For example, the city where I live is popular for coal mining. Moreover, we don't forget about nature and agrarian industry. There are a lot of farms, milk factories and others. We also appreciate forests and wild nature and try to save it for next generations. Russia is famous for cold winters, traditional dishes (borsh, pelmeni, blini), wild nature and kind soul around the ^{whole} world. For example, in Siberia you can meet bears, wolves, foxes, hares, deers, squirrels and gather a bouquet of field flowers ^{put} firstly, you should visit the main cities: Moscow, Saint-Petersburg, Kazan and the area that is called Siberia. Anyway, I am believed that Russia is a really wonderful country, especially for traveling, so if you still think it is not interesting, I will prove you ^{are} wrong!
